

SPECIALIST INSTRUCTION CREDENTIALS

Specialist Instruction Credentials authorize the holder to teach or provide services in the area of specialization listed on the credential. All the documents require the individual to complete a Commission-accredited program in the area of specialization, or an equivalent preparation program at a regionally-accredited institution outside of California.

AGRICULTURE

Authorizes the holder to teach agriculture in preschool, K–12 inclusive, and in classes organized primarily for adults. This credential authorizes the holder to develop and coordinate curriculum, develop programs, and deliver staff development for agriculture education programs coordinated by school districts or county offices of education.

Requirements for the Specialist Instruction Credential in Agriculture

Applicants must satisfy **all** of the following requirements:

1. Possess a valid California Single-Subject Teaching Credential in Agriculture, Standard Secondary Teaching Credential in Agriculture Science, or Special Secondary in Vocational Agriculture
2. Complete a Commission-accredited specialist program, including student teaching
3. Obtain the recommendation of a California college or university with an accredited program in the specialist area

Out-of-State Applicants

Out-of-state applicants may apply directly to the Commission for the professional clear credential if they satisfy **both** of the following requirements:

1. Possess a valid California Single-Subject Teaching Credential in Agriculture, Standard Secondary Teaching Credential in Agriculture Science, or Special Secondary in Vocational Agriculture
2. Complete a comparable program, including supervised student teaching appropriate to the specialization at a regionally-accredited institution, approved by the state agency where the course work was completed

EARLY CHILDHOOD EDUCATION

Authorizes the holder to develop and coordinate curriculum, develop programs, and deliver staff development including age-appropriate teaching methodologies for child development programs and early childhood education programs in grades three and below which are coordinated by school districts or county offices of education. This credential also authorizes teaching courses in child development in grades K–12 inclusive and in classes organized primarily for adults.

Requirements for the Specialist Instruction Credential in Early Childhood Education

Applicants must satisfy **all** of the following requirements:

1. Possess a valid California Multiple Subject, Standard Elementary, or General Elementary Teaching Credential
2. Complete a Commission-accredited specialist program, including student teaching
3. Obtain the recommendation of a California college or university with an accredited program in the specialist area

(continued)

Out-of-State Applicants

Out-of-state applicants may apply directly to the Commission for the professional clear credential if they satisfy **all** of the following requirements:

1. Possess a valid California Multiple Subject, Standard Elementary, or General Elementary Teaching Credential
2. Complete a comparable program, including supervised student teaching appropriate to the specialization at a regionally accredited institution, approved by the state agency where the course work was completed

GIFTED EDUCATION

Authorizes the holder to develop and coordinate curriculum, develop programs, and deliver staff development for gifted education programs coordinated by school districts or county offices of education.

Requirements for the Specialist Instruction Credential in Gifted Education

Applicants must satisfy **all** of the following requirements:

1. **One** of the following requirements must be satisfied:
 - a. possess a valid California teaching credential requiring a bachelor's degree from a regionally-accredited college or university and a program of professional preparation including student teaching
 - b. possess a valid California Designated Subjects Teaching Credential provided the applicant also possesses a baccalaureate degree and has passed the California Basic Educational Skills Test (CBEST)
2. Complete a Commission-accredited specialist program, including student teaching
3. Obtain the recommendation of a California college or university with an accredited program in the specialist area

Out-of-State Applicants

Out-of-state applicants may apply directly to the Commission for the professional clear credential if they satisfy **both** of the following requirements:

1. Satisfy **one** of the following requirements:
 - a. possess a valid California teaching credential requiring a bachelor's degree from a regionally-accredited college or university and a program of professional preparation including student teaching
 - b. possess a valid California Designated Subjects Teaching Credential provided the applicant also possesses a baccalaureate degree and has passed the California Basic Educational Skills Test (CBEST)
2. Complete a comparable program, including supervised student teaching appropriate to the specialization at a regionally-accredited institution, approved by the state agency where the course work was completed

HEALTH SCIENCE

Authorizes the holder to teach health science in preschool, K–12 inclusive, and in classes organized primarily for adults. This credential also authorizes the holder to develop and coordinate curriculum, develop programs, and deliver staff development health science education programs coordinated by school districts or county offices of education.

Requirements for the Specialist Instruction Credential in Health Science

Applicants must satisfy **all** of the following requirements:

1. Possess a valid California teaching credential requiring a bachelor's degree from a regionally-accredited college or university
2. Satisfy **one** of the following requirements:
 - a. complete a teacher preparation program, including student teaching
 - b. complete a Clear Full-time Designated Subjects Credential if the holder also possesses a bachelor's degree from a regionally-accredited college or university and has passed the California Basic Educational Skills Test (CBEST)

(continued)

3. Complete a Commission-accredited specialist program, including student teaching
4. Obtain the recommendation of a California college or university with an accredited program in the specialist area (There are currently no Health Science Specialist programs offered in California.)

Out-of-State Applicants

Out-of-state applicants may apply directly to the Commission for the professional clear credential if they satisfy **both** of the following requirements:

1. Satisfy **one** of the following requirements:
 - a. possess a valid California teaching credential requiring a bachelor's degree from a regionally-accredited college or university and a program of professional preparation including student teaching
 - b. possess a valid California Designated Subjects Teaching Credential provided the applicant also possesses a baccalaureate degree and has passed the California Basic Educational Skills Test (CBEST)
2. Complete a teacher preparation program, including student teaching, and complete a comparable program that includes supervised student teaching appropriate to the specialization at a regionally-accredited institution, approved by the state agency where the course work was completed

MATHEMATICS

Authorizes the holder to teach mathematics in preschool, K–12 inclusive, and in classes organized primarily for adults. The credential authorizes the holder to develop and coordinate curriculum, develop programs, and deliver staff development for mathematics education programs coordinated by school districts and county offices of education.

Requirements for the Specialist Instruction Credential in Mathematics

Applicants must satisfy **all** of the following requirements:

1. Possess a valid California teaching credential requiring a bachelor's degree from a regionally-accredited college or university
2. Satisfy **one** of the following requirements:
 - a. complete a teacher preparation program, including student teaching
 - b. complete a Clear Full-time Designated Subjects Credential if the holder also possesses a bachelor's degree from a regionally-accredited college or university and has passed the California Basic Educational Skills Test (CBEST)
3. Complete a Commission-accredited specialist program, including student teaching
4. Obtain the recommendation of a California college or university with an accredited program in the specialist area

Out-of-State Applicants

Out-of-state applicants may apply directly to the Commission for the professional clear credential if they satisfy **both** of the following requirements:

1. Satisfy **one** of the following requirements:
 - a. possess a valid California teaching credential requiring a bachelor's degree from a regionally-accredited college or university and a program of professional preparation including student teaching
 - b. possess a valid California Designated Subjects Teaching Credential provided the applicant also possesses a baccalaureate degree and has passed the California Basic Educational Skills Test (CBEST)
2. Complete a comparable program that includes supervised student teaching appropriate to the specialization at a regionally-accredited institution, approved by the state agency where the course work was completed

TERM

The term of a Professional Clear Specialist Instruction Credential is determined by the expiration date of the prerequisite teaching credential held, but may not exceed five calendar years.
